EDUCATION

August 2024 - Hobart Institute of Welding Technology, Troy, OH

AWS D17.1 And AWS D1.1: Welding Technology

June 2023 - Brick Township High School, Brick Town, NJ

High School Diploma

April 2023 - Ocean County Vocational-Technical School, Toms River, NJ

Osha 10 and Precision Machining, Basic CAD Training

EXTRA CURRICULAR

- Boy Scouts of America
 - Achieved Rank of Life Scout
- Technology Student Association
 - Qualified twice at TSA Nationals for Leadership Strategies and Engineering

WORK HISTORY

Eaton Corporation, AIR FED Division, October 7, 2024- February 16, 2026

Parker Hannifin, Exotic Metal Forming Division, March 16, 2026 - Current

SKILLS

- 6 Years GTAW experience, Two Years MIG/ Flux Core
- Joint preparation to X-ray and clean room quality
- Precision measuring and inspection
- Blueprint analysis, welding symbols
- Aluminum, Stainless steel, Nickel Alloy and Carbon steel welding, from with thickness ranging from .020 to .125
- Fixture Use
- First aid training
- Use of Router/traceability systems
- Strong math skills and ability to read/interpret engineering drawings.
- NDT Testing, FPI and liquid penetrant testing
- Attention to detail and visual inspection
- Experience with band saw, belt sander, rotary tools/grinders and other fabrication and inspection tools

CERTIFICATIONS

- AWS D17.1
- AWS D1.1
- Boeing BAC 5975 Requirements
